

Referee Certification Repayment Policy

Chilliwack FC believes that refereeing is an integral component of all of our programming, without it we cannot offer some of the programs that we do. As with many roles, certification is necessary in order to conduct the required work. Occasionally, these certifications have fees attached with them, which may be reimbursable to the certification holder by Chilliwack FC.

As such, referees registered with Chilliwack FC will be reimbursed their certification fees on the following conditions:

- Small Sided Game Referees have refereed a minimum of 3 games;
- Full Field Referees have refereed a minimum of 5 games.

Once the referee has completed their minimum number of games, Chilliwack FC will reimburse the referee upon receipt of their proof of payment.
